Hi everyone,

It has been great to see some beautiful weather return!

On Tuesday we spent the afternoon sitting out in the gorgeous sunshine with local gem buff Rob Chapman. We learnt about different gems and crystals as well as polishing rocks to learning about the art of Lapidary. It was a great afternoon and students are very excited with the results they were able to achieve. Rob is returning next Tuesday to follow up with the work we started.

Today we had our excursion to look at rock formations around the area.

Students Ty and Ruben returned from a great 3/4 Camp to Pioneer Settlement in Swan Hill. The students have written some great reports about their time on camp.

In the classroom we have seen some great work completed with many students going up a reading level!

It is fantastic to see students moving along with their learning and thank parents for taking time every evening to spent 10 minutes listening to and reading to their child. It really does help!

Last week at the Redesdale and District Association Meeting at the hall, the school received a cheque for $1500 towards our school Library!

It is a fantastic donation from RADA. We will hold a book fair in November where we will be able to purchase books using the donation. It will also be an opportunity for families to come along and buy books for home as well.

We have a new family visiting us for the day next Monday. The Campbell family (not that one) are moving into the district during the school holidays and will start school at the beginning of term 4. They have 3 children in grades 3, 4 and 5.

The Mt Alexander School Cluster Chess Championship is on the 16th of September in Castlemaine. We will be finalising our team next week and send home permission notes soon. There will be no cost.

Have a great weekend.

Thanks, Joe Sebire
The VIP’s this week are Ruben & Tyler. Thank you for doing your job so well and so diligently.

FARMHANDS

Chelsey & Sayge are the farm hands this week and are doing a great job looking after the chooks and Roast

SAUSAGE SIZZLE

The Sausage Sizzle is every Wednesday.

Prices per student are as follows:
1 sausage in bread + drink + fruit = $3.00
2 sausages in bread + drink + fruit = $4.00

This term staff will be cooking the sausages. Please find below our volunteers who will be supplying fruit over the next three weeks.

By Ruben

We went on the train to Swan Hill and it took ages and I was bored. But when we got there we went on the boat and it was fun and relaxing. The boat was a paddle steamer and it was called ‘The Pyap’.

On the second day we made a rope by putting three pieces of string on three different hooks. We took turns in twisting the rope until it was tight. Then we put all of the ropes on to one hook and twisted again to make a big rope. We played skipping and it was fun taking it in turns.

We also saw the blacksmith. He heated up the metal to make it bendy and he hit the metal to make a point and then broke a piece off and put it in the vice. Then he put an edge on it and then we got to hit it to make a nail. It was really interesting to see how he did it and he showed us how to weld. You had to get the metal to a yellow heat, then he hit them together and put a bit of powder on it and heated it again and hit it to make a good shape.

Dressing up in old fashioned clothes was fun because it was cool to see the clothes and it was cool to do the posing. We went in an old fashioned car and it was cool and we went in a horse and cart and it was exciting because I haven’t been in a horse and cart before.

We got on to the train and it was very boring, it was like 3 hours. At camp we did some cool stuff like making a nail with the blacksmith, making ropes and dressing up in old clothes.

First thing we did out of all these things was making the ropes, it was really fun because it’s a really cool way to make them. The nail making was better than the rope because we got to use a hammer to hammer the nail. It was really cool how he did it because he hammered the nail flat on all sides and then hammered the top so he can cut the end of the nail so he could hammer the top to make it like a nail.

The dressing up was really cool too because we could not smile, then we went outside to take another picture. There were 2 goats in the picture and I thought they were wild but they had a tag so they weren’t wild.

One night we watched Ice Age it was really good. We road the old car and the horse and cart those were really cool too.

The end.
